ABOUT TOTESTAN TRADINH COMPANY

The Totestan brand is a well-known and reputable name in the field of various breakfast chocolates. For years, with high quality and excellent taste based on natural sweeteners, it has attracted many consumers worldwide. This brand, using high-quality raw materials, modern production methods, and careful attention to details, has been able to offer unique and completely healthy products to its customers. Totestan is constantly developing its products, adding variety, and improving the quality of its offerings according to the needs, tastes, and preferences of its customers. This company, with the help of an experienced team and mechanized production line, proudly produces and offers high-quality, organic, and sugar-free products. The expert team at Totestan proudly guarantees that each product will be delivered with your desired quality, in suitable packaging, and at a competitive price.

All of Totestan's renowned products are sweetened with organic dried mulberries, without the use of preservatives or sugar, highlighting the producer's special attention to the health of consumers. Moreover, unlike most breakfast chocolate producers, these products are free of oils, palm, and preservatives, and they bear a health certification. Therefore, these products are an excellent choice for a healthy and delicious breakfast or snack.

PEANUT BUTTER CHOCOLATE SPREAD

Peanut butter chocolate spread is a fantastic choice for starting your day. This product, with a unique blend of peanuts, oleaster, and organic dried mulberries as sweeteners, contains no sugar or preservatives, making it a guarantee of a healthy and tasty breakfast.
